* * * **Happy New Year** * *

There was not a meeting today. New Year's party; parade and football recovery still in progress.

EAGA's upcoming year will be off to a great start. A new President has been sworn in (none have been sworn at lately); Board Members have been seated (we really don't have any bored members); and we are all itching to get back to the Tuesday morning camaraderie (hopefully that is not just the rough threads of a new Christmas sweater).

Thank you to all the gentlemen that have stepped up to serve our organization in the upcoming year. Our Board of Directors:

Chairman - Mark Tobiassen—Action Coach Business Coaching President - Phil Houser—Document Solutions

Members: Soren Thomsen—TEMA Furniture David Rodriguez—Computer Solutions Group Jim Asperger—Crest Mechanical

Adam Halpern—Dental Cooperative Rion Marcus—NM Chiropractic Center Scott Peck—MP Group

Executive Director: Mario Hernandez—Allen Lund Company Membership Committee Chairman: Jack Zipper

BEST WISHES TO OUR EAGA MEMBERS FOR ALL GOOD THINGS IN 2017!

- ◆ Please see the following page for information about the EAGA sponsored 1st Quarter GrowthClub 90-day Strategic Planning Event scheduled for Friday, January 20, 2017
- ◆ Board of Directors please note....the January meeting will be right after breakfast on January 17th.

Some knowledge and mental exercise to get your brain juices moving again after the long time away from our Tuesday meetings:

Vocabulary: Hopefully none of you have neophobia, otherwise you won't read on. Some words to expand your next conversation: neophobia - A fear of anything that is new. "acronycal" - Occurring at sunset "chorizontist" - someone who claims that the Iliad and the Odyssey had different authors. "hadeharia" - The practice of constantly using the word "hell" in speaking. "pyrgology" - the study of towers.

Thought puzzle: Two old friends meet after along time. Tom: 'Hey, how are you?' Ted replies: 'Not bad. I am married now and have three kids.' Tom: 'Great. How old are they?' Ted: 'The product of their ages is 72, and the sum of their ages is the same as the day of the month of your birth date.' Tom: 'OK. But I still don't know.' Ted: 'My eldest child just started taking piano lessons.' Tom: 'Oh. Now I get it.' How old are Ted's kids?

Answer:

[http://dailybrainteaser.blogspot.com/2017/07]

The answer is 3, 3 and 8.

Since the eldest child is taking piano lessons, we can eliminate combination 1 since it has two eldest ones. 3, 3, 8 sum(3, 3, 8) = 14

the ages, means there are two or more combinations with the same sum. From the information above 2, 6, 6 sum(2, 6, 6) = 14 and

The sum of their ages is the same as Tom's birth date. That could be anything from 1 to 31, but the fact that Jack was unable to find out

1, 4, 18 sum(1, 4, 18) = 23 1, 2, 36 sum(1, 2, 36) = 39 1, 6, 12 sum(1, 6, 12) = 19

3, 4, 6 sum(3, 4, 6) = 13 3, 3, 8 sum(3, 3, 8) = 14 1, 8, 9 sum(1, 8, 9) = 18

2, 2, 18 sum(2, 2, 18) = 22 2, 4, 9 sum(2, 4, 9) = 15 2, 6, 6 sum(2, 6, 6) = 14 2, 3, 12 sum(2, 3, 12) = 17

1, 3, 24 sum(1, 3, 24) = 28 1, 3, 24 sum(1, 3, 24) = 28

Find the three number combinations that would have a product of 72. (the sum of those numbers will also be needed)
