Today was the first meeting of the new year. It was also the first opportunity for our new president, Kit Turpen, to address the group. Kit's primary goals for his administration are to increase the membership and continue the positive momentum of the organization. We will hear more about his overall plans as we progress through the next six months. We may even coo an occasional uplifting song or two from Mr. President.

At today's meeting, attendees offered a tribute to Chuck Lanier, a long time member that passed away in December. There were a few memorable stories, and a toast to the great gentleman. The toast was with Starbucks Mocha Frappuccino—his second most favorite drink.

Today's speaker was Mr. Mark Tobiassen—Action Coach Business Coaching. Mark and his team have a substantial amount of experience, knowledge and information sources available to assist business managers or business owners that want to improve their company's operation, structure or overall direction. In today's presentation, Mark highlighted the power of business planning, and the biology and psychology of successful behavior.
