

EAGA Business Builder

Nothing new (nothing positive anyway) in the coronavirus regulation arena...just ignoring the issue for today

December 29, 2020

There was not a meeting today because of the New Year Holiday

Although there was not a meeting this week, we still have a few matters that deserve our attention. On December 31st, EAGA officers will change. Chairmen of the Board, Kit Turpen will, no doubt, wipe his brow and give a sigh of relief that nothing else weird will happen during his term on the board. Thank you, Kit, for your long and beneficial service as a Director, President and Chairman. We look forward to now seeing you in one of the general membership windows of our future virtual meetings. President John Mead will change his camera angle to now show him in the virtual seat of the Chairman of the Board for the next six months. John has the distinction of being our first President whose entire reign was during a pandemic and he did an excellent job of helping us navigate the strange circumstances. We thank Mr. Mead for the persistent positive attitude, advice and assistance that have been a great benefit to us all. Vice President, Mark Abramson, will now put on the virtual garb of President of the Executive Association of Greater Albuquerque. Thank you, Mark for agreeing to take on that challenge. It will likely be an interesting tour and we look forward to your particular insight and perspective on whatever new, or old, matters present themselves during the first half of 2021. As mentioned earlier, Kit Turpen is the only Board Member to be stepping down at the end of December. His term expired at the same time as did the year 2020 and we again thank him for the many months of productive service to our organization. Jukka Jumisko has been elected to fill the available slot on the Board. His term begins on January 1, 2021. We appreciate Mr. Jumisko's accepting the position and we look forward to his valuable input on what will likely be unique and interesting events and situations over the next few months. Interpreters can be made available upon request.

- ◆ Our organization has weathered many storms during its long history and the coronavirus pandemic will be no exception. Your membership in EAGA is an honor, and your involvement in its operations is crucial. Please take advantage of the opportunities that have been made available to you and please show your interest, and appreciation, through regular participation in our weekly meetings.
- ◆ Until governmental restrictions have been lifted, our Tuesday meetings will be via the virtual format. The next meeting will be at 7:00AM on January 5th. We haven't yet figured out how to pump the smell of crisp bacon or fresh coffee through the portal, so room ambiance will be your individual responsibility. Overall membership responsibility will still be the interesting pre-meeting conversations, laughter and razzing of the foolhardy Dallas Cowboys and Philadelphia Eagles fans. The link remains the same.
