

Leads & Business Information:

None submitted this week

- ◆ **President Yukka's tip for the week:** Do a Google search of your business, then review the Business listings that appear in the top portion of the left pane. This section is Google's Business listings. How your company appears here is actually more important than your website. You should use that business section to take ownership of your listing. You can then add information to enhance Google's data. If you need assistance with making sure that your business is ranking high in that Google Business listing, or if you want to know what modifications should be added, contact Jukka at WSI for assistance.

Jukka also provided another video showing the hilarious work of Ismo, the standup comedian from Finland.

- ◆ **Board Members please note:** There will be a Board of Directors meeting right after breakfast on October 11th.

- ◆ **First announcement for a prospective new member:**
