January 03, 2023

For those of you that thought that there was not a meeting on January 3rd — You would be correct. For those of you that went to Tanoan because you thought there would be a meeting — we appreciate your dedication to the organization. Hopefully the security staff let you know the situation before you walked all the way up to the room.

Thank you to the gentlemen that have signed up to speak at our January meetings. We still need speakers for February and March. We also need Greeters for every week through March.

Our next breakfast meeting will be at 7:00am on January 10th. A new President will be at the helm; we will have a new Chairman of the Board; One new Board Member will begin his term; and we will be off and running for 2023. Hope to see you there.

Board Members please note that the January board meeting will be right after breakfast on the 17th. Please check with Mario or President Randy if you have any questions.
