Member Speaker: Todd LeCesne w/ Althera Alternative Care

At the recent EAGA Breakfast Meeting, Todd LeCesne shared insights on how membership-based healthcare models are helping individuals and employers gain greater access to personalized, preventative care. Althera Clinic focuses on direct primary care, advanced diagnostics, hormone optimization, regenerative medicine, and wellness services designed to improve long-term health outcomes through a proactive approach to care.

For business owners seeking innovative healthcare solutions, Althera offers membership plans that provide direct access to providers, extended appointments, ongoing wellness support, and flexible payment options. The clinic also works with organizations through direct healthcare contracting, helping employers explore alternatives that can support employee well-being, productivity, and healthcare cost management.
